

Online Script Writing Workshop - Feedback

'It was quite an eye-opening and wonderful 2 months. I learnt a lot of new things about filmmaking, the what and how of script writing and it has widened my perspective of the world of cinema. Most importantly, i had never thought myself much of a writer and although I still have a long way to go, the workshop has definitely given me a sense of direction and better understanding of how to go about it. That was lacking and I didn't even know about it.

I am very thankful to the team and Bela Ma'am for pushing me through this!

"Wonderfully conducted course my Bela ma'am. The course design and flow encouraged independent thinking and writing. Over the duration of the course the class had a wonderful learning curve in appreciating script writing and nuances and our own short film scripts went through a complete transformation.

Very engaging course and the class interaction and feedback was well engaged. A huge thanks to Bela Ma'am and Xaviers for conducting this course. Writing and appreciating cinema has been transformed for good. Proud of what we achieved individually and as a class. "
